

Huawei Switch Broadband Aggregation Solution

Overview

The Huawei S6730 Switch series sets a high bar as both an Aggregation Switch and Core Switch, offering 10 GE access, 100 GE uplinks, VXLAN fabrics, intelligent networking, and high availability—all at a compelling total cost of ownership. This document provides campus networks typical configuration examples and feature typical configuration examples. With up to 48 10 GE downlinks and. CloudEngine S5731-H builds on Huawei's unified Versatile Routing Platform (VRP) and boasts various IDN features. CloudEngine S5732-H series switches offer enhanced gigabit connectivity, simple convergence of wired and wireless networks and free mobility to create a multi-purpose network through. This document provides typical configuration examples for interoperation between Huawei switches and mainstream IP phones, firewalls, routers, Microsoft NLB servers, multi-NIC servers, Cisco switches, and SolarWinds.
