

# Italian lc fiber optic fast connector manufacturer

## Overview

FASTConnect field installable connectors include LC, ST, SC and are compatible with 250  $\mu\text{m}$  and 900  $\mu\text{m}$  fiber optic cable, solutions designed for quick, tool-less termination. Ideal for enterprise, FTTx, and LAN applications. LC and SC connectors designed for fast and simple terminations of FTTH dop cable and indoor cables without any extra manufacturing process, like polishing and epoxy on the ferule. They are particularly useful in telecommunications, data centre and broadcasting applications, where it is essential to maintain. Fibernet is dedicated to bringing innovation to the fiber optic industry, emphasizing their commitment to advancing connectivity through cutting-edge products and technologies. Designed with accessibility, performance, and protection in mind, our LC portfolio ensures efficient and high-performance network connections. The company LG Invest, based in Cercola at Via Don Minzoni 193, is indeed newly established, but it benefits from the experience and expertise of the owner, technicians, and collaborators who make. Initially established to produce solutions in telephone hardware, over.
