

Nordic Outdoor Integrated Power Supply

Overview

With IP67 waterproof and dustproof protection, 10G anti-vibration capability, a fanless design, and an aluminum extruded case for conduction cooling, the power supply series is suitable for use with a variety of outdoor industrial and telecommunication equipment. From remote mining operations and mobile surveillance platforms to outdoor delivery robots and military-grade electronics, today's technology must survive in environments that are dirty, wet, hot, cold, or in constant motion. And at the center of every mission-critical system is a rugged, reliable. Nordic power Supply is a Swedish company that develops and sells quality equipment for power line construction. We build and adapt products to the customer's request. But it's not just the power aspect (grey space).
