Online shopping for Spectrometers - Spectrometry from a great selection at Industrial & Scientific Store. Mass Spectrometry is quintessential technology, and as such there are many platforms available -- from triple quadrupole to hybrid quadrupole/time-of-flight (QTOF) devices and others depending on the intended application (s). For many labs, a mass spectrometer is a must-have instrument—but how much should you. Our range of spectroscopy and analytical instrumentation is crafted to meet the precise needs of PhD researchers and professionals in materials science, chemical engineering, and related fields. These tools are designed to deliver accurate and reliable data for your research applications.
