

Tunisia s Direct-Buried Ordinary Optical Cable

Overview

The Ifriqiya cable, boasting a substantial capacity of 200 Gbt and an overall capability of around 3 TB/s, links the Tunisian city of Bizerte with Marseille, France, and Abu Talaat, Egypt. Tunisie Telecom has signed a strategic partnership agreement with Medusa Submarine Cable System. The agreement covers the supply and operation of a dedicated fiber-optic link between Bizerte and Marseille, with a capacity of 20 Tbps, based on the latest submarine cable technologies. The 8,700km Medusa cable will have 17 landing points across Algeria, Cyprus, Egypt, France, Greece, Italy, Libya, Morocco, Portugal, Spain, and Tunisia when launched in early 2026. The. These Terms and Conditions ('the Terms') govern your use of the website on the Internet located at www.com ('the Site') and are legally binding on you. Note that Recommendation ITU-T L. 5 kilometres of submarine cable was provided by Nexans, and loaded at the port of.
